The Nation turns its eyes to you, Harrison, You've led the glorious battle through

Harrison. The Solid South could not prevail, Thy bark has weathered every gale, And to the White House you did sail.

Harrison, our Harrison. There was yesterday some doubt re garding the result of Tuesday's election, but now there is none. New York is conceded to Harrison by at least 12,000 majority and with New York we can place Ben Harrison in the White House even if the opposition

wins every other doubtful State. The American nation has had enough of Democratic misrule and takes the first opportunity to oust His Accidency from the position which he was allowed to take. It realizes the mistake it made in 1884 and promises "not to do it again."

There is the utmost confidence that every Northern State will be added to the Republican column-but for today we will be generous and allow that Connecticut and Nevada are in doubt. The following dispatches were received:

Chicago-The Republican plurality in Illinois will be between 18,000 and 20,000. Fifer surely elected. Indianapolis-935 precincts in Indi-

Indications are that Republicans have majority in Legislature of West Virginia and Delaware. This will give the Republicans two additional U.S. Senators.

The Verdict.

The people of the United States have given in their verdict and have decided that Cleveland must go. The election of General Benjamin Harrison is conceded on all hands. The large Demoeratic journals of New York, World, Herald, Sun, all conceded it last night. New York is Republican by at least 12,000 perhaps more. The remainder of the Republican States with their approximate majorities for Harrison are: Colorado 12,000, Iowa 30,000, Idinois 20,000, Kansas 70,000, Maine 20,000, Massachusetts 25,000, Michigan 14,000, Nebraska 23,000, New Hampshire 4,000, Oregon 2,500, Vermont 25,000, Ohio 15,000, Wisconsin 11,000, Pennsylvania 85,000, Rhode Island 5,000, California 7,000, Indiana 4,000. Electoral vote: Harrison 233, Cleveland

So we have got 'em,

The New York World last night conceded the House of Representatives to the Republicans by a majority of 12 members; the Sun (Dem.) put it at 20. Kansas has gloriously vindicated her record and elects the straight Republican State and National ticket by about 70.000 plurality. Every Congressman is re-elected. The number of Republicans in the Legislature has been increased and gains in the county officers have been the rule everywhere.

Dickinson county has made the cleanest Republican sweep known in years, With both their Representatives, all their county officers and a handsome Republican majority for both State and National tickets, the Republicans may
